with respect to all the property described on Schedule A in the application for payment deferral for Maryland qualified agricultural property attached to this agreement, and do hereby enter into this agreement pursuant to Tax-General Article §7-307 of the Maryland Code.

The undersigned agree and consent to the application of subsection (e) of Tax-General Article §7-307 of the Maryland Code with respect to all the property described on Schedule A attached to this agreement. More specifically, the undersigned qualified recipients expressly agree and consent to personal liability under §7-307 for deferred Maryland estate tax on qualified agricultural property due with respect to their respective interests in the above-described property. It is understood that if a qualified recipient disposes of any interest in qualified agricultural property to any member of his or her family, such member may thereafter be treated as the qualified recipient with respect to such interest upon filing a new application and a new agreement.

It is understood that notwithstanding a payment deferral under this subsection, the Maryland estate tax on qualified agricultural property that passes from the decedent to or for the use of a qualified recipient deferred under this section shall become due immediately if the qualified recipient ceases to use the qualified agricultural property for farming purposes before the tax is paid.

The undersigned interested parties who are not qualified recipients consent to collection of unpaid Maryland estate tax on qualified agricultural property from the property designated as Maryland qualified agricultural property.

If there is a disposition of any interest which passes to a qualified recipient, or if there is a cessation of the (qualified use) use of the property for farming purposes as defined in §2032A(e)(5) of the Internal Revenue Code, each of the undersigned qualified recipients agrees to pay Maryland estate taxes due within 6 months of the disposition or cessation. The undersigned qualified recipients agree to file periodic reports and/or allow periodic inspections as required by the Comptroller.

It is understood by all interested parties that this agreement is a condition precedent to the approval of payment deferral for qualified agricultural property under Tax-Gen. Art. §7-307(e) of the Maryland Code and must be executed by every interested party even though that person may not have received the estate tax benefits or be in possession of such property.

Each of the undersigned understands that upon approval of this application, a lien will be created and recorded pursuant to Tax General Article §13-805(e) of the Maryland Code on the property referred to in this agreement for the amount of unpaid Maryland estate tax, including interest and penalties if any.

As the interested parties, the undersigned designate the following individual as their agent for all dealings with the Comptroller of Maryland concerning the continued qualification of the designated property under Tax General Article §7-307(e) of the Maryland Code and on all issues regarding the lien and payment deferral of Maryland estate tax. The agent is authorized to act for the parties with respect to all dealings with the Comptroller on matters affecting the qualified agricultural property. This includes the authorization:

- To receive confidential information on all matters relating to continued qualification under Tax-Gen Art §7-307(e) of the Maryland Code and on all matters relating to the lien for unpaid Maryland estate tax;
- To furnish the Comptroller with any requested information concerning the property;
- To notify the Comptroller of any disposition or cessation of qualified use of any part of the property;
- To receive, but not to endorse and collect, checks in payment of any refund of Maryland estate taxes, penalties, or interest;
- To execute waivers (including offers of waivers) of restrictions on assessment or collection of deficiencies in tax and waivers of notice of allowance of a claim for credit or refund; and
- To execute closing agreements.
- Other acts (specify) \_\_\_\_\_

By signing this agreement, the agent agrees to provide the Comptroller with any requested information concerning this property and to notify the Comptroller of any disposition or cessation of the qualified use of any part of this property.

## GENERAL INFORMATION

Use this form, attached schedule, worksheet and completed agreement to make application for payment deferral of Maryland estate tax for Maryland qualified agricultural property if the decedent died after December 31, 2010 and before January 1, 2012. Complete the MET-1, including the federal estate tax return, Form 706, for the year of the decedent's death, complete with all schedules, attachments and supporting documents.

Under Tax-General Article §7-307 of the Maryland Code, on application of the person responsible for paying the Maryland estate tax, the Comptroller shall allow a payment deferral for up to 3 years from the due date specified in Tax-General Article §7-306 of the Maryland Code for the Maryland estate tax imposed on qualified agricultural property that passes from the decedent to or for the use of a qualified recipient.

- a. "Qualified agricultural property" means real or personal property that is used primarily for farming purposes.
- b. "Farming purposes has the meaning stated in §2032A(e)(5) of the Internal Revenue Code.
- c. "Qualified recipient" means an individual who enters into an agreement to use qualified agricultural property for farming purposes after the decedent's death.

The amount of tax eligible for a payment deferral is the amount determined by multiplying the Maryland estate tax by a fraction:

1. the numerator of which is the value of qualified agricultural property that passes from the decedent to or for the use of a qualified recipient; and
2. the denominator of which is the value of the gross estate of the decedent.

The amount of tax deferred may not exceed \$375,000 as to any decedent.

Notwithstanding a payment deferral under this application, the Maryland estate tax on qualified agricultural property that passes from the decedent to or for the use of a qualified recipient shall become due immediately if the qualified recipient ceases to use the qualified agricultural property for farming purposes before the tax is paid.

Interest does not begin on unpaid Maryland estate tax that is allowed under this application until the tax is due. If a payment deferral is allowed pursuant to this application, a qualified recipient shall pay the deferred Maryland estate tax, without interest, in accordance with a payment schedule prescribed by the Comptroller over a 3-year period beginning in the 4th year after the due date.

Any request for payment deferral for qualified agricultural property which is approved by the Comptroller of Maryland shall be deemed to include consent on behalf of the applicant to the filing of a tax lien against the estate in any Maryland jurisdiction where there may be real or personal property and where the decedent resided. The Comptroller may require additional security from the person(s) responsible for filing the return and paying the tax or beneficiaries in the form of a bond with a surety approved by the Comptroller's office. Failure to provide adequate security will be grounds for rejecting any deferred payment plan.

**PART 4**

**Agreement to Deferred Payment of Maryland Estate Tax on Maryland Qualified Agricultural Property.**

The agreement for deferred payment of Maryland estate tax on Maryland Agricultural property by persons with an interest in the estate is required under Tax-Gen. Art. §7-307(e) of the Maryland Code and must be signed by all parties who have any interest in the estate.

An interest in the estate is an interest that, as of the date of the decedent's death, can be asserted under applicable local law so as to affect the disposition of the property of the estate. Any person who at the decedent's death has any such interest in the property, whether present or future, or vested or contingent, must enter into the agreement. Included are owners of remainder and executory interests; the holders of general or special powers of appointment; beneficiaries of a gift over in default of exercise of any such power; joint tenants and holders of similar undivided interests when the decedent held only a joint or undivided interest in the property or when only an undivided interest is specially valued; and trustees of trusts and representatives of other entities holding title to, or holding any interests in the property. An heir who has the power under local law to caveat (challenge) a will and thereby affect disposition of the property is not, however, considered to be a person with an interest in the property under this deferral application solely by reason of that right. Likewise, creditors of an estate are not such persons solely by reason of their status as creditors.

If any person required to enter into the agreement either desires that an agent act for him or her or cannot legally bind himself or herself due to infancy or other incompetency, or due to death before the application is timely exercise, a representative authorized by local law to bind the person in an agreement of the nature may sign the agreement on his or her behalf.

The Comptroller will contact the agent designated in the agreement on all matters relating to continued qualification under Tax-Gen. Art. §7-307(e) of the qualified agricultural property and on all matters relating to the lien arising under Tax-Gen. Art §12-805(c). It is the duty of the agent as attorney-in-fact for the parties with interests in the property to furnish the Comptroller with any requested information and to notify the Comptroller of any disposition or cessation of qualified use of any part of the property.
