MARYLAND SALES AND USE TAX FACTS

A newsletter for sales and use tax licensees

July 2014 – June 2015

Comptroller Peter Franchot

GASTAX

Beginning July 1, 2013 and July 1 of each subsequent year, the motor fuel tax rate on all fuels except aviation gasoline and turbine fuel shall be increased. On or before June 1 of each year, the Comptroller shall determine and announce: (1) the growth in the Consumer Price Index for all urban consumers as determined by the Comptroller; and (2) the motor fuel tax rates effective for the fiscal year beginning on the following July 1 as determined by the Comptroller. Any increase in the motor fuel tax rates may not be greater than 8% of the motor fuel tax rate effective in the previous year.

This Act provides that the Comptroller shall require any person possessing tax-paid motor fuel for sale at the start of business on the date of an increase in the motor fuel tax to compile and file an inventory of the motor fuel held at the close of business on the immediately preceding date and remit within 30 days any additional motor fuel tax that is due on the motor fuel. The Comptroller will provide for forms and procedures to report the tax.

Also, beginning July 1, 2013, a 1% sales and use tax equivalent rate is imposed on all motor fuel except for aviation and turbine fuel. The Comptroller on certain dates shall determine and announce: (1) the average annual retail price of motor fuel; and (2) the sales and use tax equivalent rate effective on the first day of the following month. The sales and use tax equivalent rate shall be added to the motor fuel tax rate, and collected in the same manner as the motor fuel tax. Except as otherwise expressly provided by law, all references to the motor fuel tax in State law and regulations apply to the sales and use tax equivalent rate. The Comptroller shall require any persons possessing tax-paid motor fuel for sale at the start of business on the date of an increase in the sales and use tax equivalent rate to compile and file an inventory of the motor fuel held at the close of business on the immediately preceding date and remit within 30 days any additional tax that is due on the motor fuel under this section.

911 FEE SURCHARGE

Beginning July 1, 2013, sellers of prepaid wireless telecommunications services are required to report and remit to the Comptroller all Prepaid Wireless E 9-1-1 Fees collected by the seller for retail transactions of prepaid wireless telecommunications. "Prepaid wireless telecommunications" services means a commercial mobile radio service that: 1) allows a consumer to dial or access 9-1-1; 2) must be paid in advance;

and 3) is sold in predetermined units that decline with use in a known amount. The Prepaid Wireless E 9-1-1 Fee is collected by the seller from the consumer for each retail transaction in Maryland. A retail transaction occurs in Maryland if: 1) the sale or recharge takes place at the seller's place of business located in Maryland; 2) the consumer's shipping address is in Maryland; or 3) no item is shipped, but the consumer's billing address or the location associated with the consumer's mobile telephone is in Maryland. The Prepaid Wireless E 9-1-1 Fee is 60 cents per retail transaction. The Prepaid Wireless E 9-1-1 Fee is not subject to Maryland sales and use tax.

Sellers of prepaid wireless telecommunications services are required to report and remit to the Comptroller all Prepaid Wireless E 9-1-1 Fees collected by the seller.

TAX-FREE PERIODS

The 2007 Special Session of the Maryland General Assembly enacted legislation providing for two tax-free periods beginning each year. Listed below is information pertaining to each tax-free period.

Shop Maryland- Tax-Free Week on Clothing and Footwear, Excluding Accessory Items

Beginning in calendar year 2010 and each year thereafter, there will be a one week tax-free period for back-to-school shopping in Maryland during August in which the sales and use tax does not apply to the sale of any items of clothing or footwear, excluding accessory items, if the taxable price of the item of clothing or footwear is \$100 or less. The 2014 tax free period will occur the week of August 10-16. Accessory items that are not exempt from the sales and use tax during the tax-free week include jewelry, watches, watchbands, handbags, handkerchiefs, umbrellas, scarves, ties, headbands, and belt buckles.

Shop Maryland Energy- Tax-Free Weekend on Energy Star Products

Beginning in calendar year 2011 and each year thereafter, there will be a tax-free three-day weekend during February in which the sales and use tax will not apply to the sale of any Energy Star Product listed below. The 2015 tax free weekend will occur the weekend of February 14-16. Energy Star Product means an air conditioner, clothes washer or dryer, furnace, heat pump, standard size refrigerator, compact fluorescent light bulb, light-emitting diode (LED) light bulbs, dehumidifier, programmable thermostat or boiler that has been designated as meeting or exceeding the applicable Energy Star efficiency requirements

developed by the U.S. Environmental Protection Agency and the U.S. Department of Energy. Please note that under Energy Star requirements, no dryer has an Energy Star rating and therefore dryers do not currently qualify for this tax-free period.

Please note: Taxpayers who must report sales and use taxes may not file sales and use tax returns and remit tax using the EFT ACH (Electronic Funds Transfer Automated Clearinghouse) option.
