6. Detailed Instructions:

A. Name of Supplier - List your full name as it appears on your license or permit.

B. Maryland Non-Resident Brewery, Resident or Non-Resident Dealer Permit or Maryland Wholesale or Manufacture License Number - This is the official seven (7) digit number which appears on your license or permit (Example: W100099, M501234, ND12345, NB12345, RD12345).

C. Brand Name - The full and complete name of the beer should be entered. The necessity for abbreviation will be determined by the Field Enforcement Division.

D. Sizes - List all sizes of this product that you wish to sell in Maryland.

E. License or Permit Number of Maryland Wholesale Distributor - This is the official seven (7) digit license/permit number of the Maryland wholesale distributor or non-resident brewery who is being appointed to sell your brand. Contact your wholesaler to obtain this number. It is important that this number be accurate and legible.

F. Name of Distributor - List the full name of your Maryland wholesale/non-resident brewery distributor as it appears on the distributor's license.

G. Assigned Franchise Territories - A three (3) digit code must appear for each county or subdivision (or part thereof) which you are assigning to a given wholesaler for a particular brand. Below is a list of the two-digit subdivision territory codes in Maryland. If you are assigning the whole territory, the code should be preceded by a "0" (Example: all of Allegany County would be "001"). If you are assigning only a portion of a territory, then a "P" should precede the code (Example: Part of Allegany County would be "P01"). Note: For every territory in which a "P" is designated, a detailed description and/or map must accompany the franchise form before approval can be granted. If you are assigning the entire State, except for Montgomery County, code "099" should be used. If you are selling to a ship chandler, code "777" should be used. If you are a wholesaler self-importing a product, you should use your license number in both the supplier and distributor boxes and code "555" should be used in the first territory box. If you are a wholesaler acting as a secondary source (i.e. if you have a state-wide license and sell to other wholesalers in the state, exclusive of a sub-distributorship, then use code "333". Note that franchise forms must be filed for all brands even those which you as a wholesaler may self-import or sell to others as a secondary source. In addition, when you as a wholesaler are selling to another wholesaler in a sub-distributorship capacity, these forms must also be completed and submitted. All items sold to Montgomery County (License Number: CD00001) must also be assigned using this form.

Note: Always use the first territory code block and leave those not needed blank. If you need more than five (5) territory boxes for a given wholesaler, skip to the next line repeating the wholesaler's number and name. If you need more space for additional distributors, use a second form, repeating your license or permit number and brand information at the top. Consecutively number each page you are submitting at one time at the top in the space provided.
