**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Members of the General Assembly and the Governor  
 State of Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Maryland (the State), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the State's basic financial statements and have issued our report thereon dated March 21, 2022. Our report includes a reference to other auditors who audited the financial statements of certain funds, agencies, and component units of the State of Maryland, which represent the indicated percent of total assets and deferred outflows of resources and total revenues as described in our report on the State's financial statements and as presented in the below table. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those other auditors.

The Honorable Members of the General Assembly and the Governor  
State of Maryland

The financial statements of the Maryland Housing Fund, Economic Development Insurance Programs, Maryland Teachers & State Employees Supplement Retirement Plans, Maryland Local Government Investment Pool, Maryland 529 Plan, Bowie State University Foundation Inc., Coppin State College Development Foundation Inc., Frostburg State University Foundation Inc., Salisbury University Foundation Inc., Towson University Foundation Inc., University of Baltimore Inc., University of Maryland Foundation Inc., University of Maryland Baltimore Foundation Inc., UMBC Research Park, and UMUC Ventures were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with them.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2021-002 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying of findings and questioned costs as item 2021-001 to be a significant deficiency.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

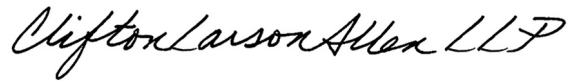

The Honorable Members of the General Assembly and the Governor  
State of Maryland

**State of Maryland's Response to Findings**

The State's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The State's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND  
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
REQUIRED BY THE UNIFORM GUIDANCE**

The Honorable Members of the General Assembly and the Governor  
State of Maryland

**Report on Compliance for Each Major Federal Program**

We have audited the State of Maryland's (the State) compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the State's major federal programs for the year ended June 30, 2021. The State's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

The State's basic financial statements include the operations of the Maryland Water Quality Financing Administration and Maryland Transportation Authority, enterprise funds of the State of Maryland, which received federal awards that are not included in the accompanying Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of these entities because auditors were engaged to perform a separate audit in accordance with the Uniform Guidance.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the State's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the State's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our qualified and unmodified opinions on compliance for the major federal programs. However, our audit does not provide a legal determination of the State's compliance.

**Basis for Qualified Opinions**

As described in the accompanying schedule of findings and questioned costs, the State did not comply with the requirements regarding:

Program	Assistance Listing	Noncompliance	Finding Number
Epidemiology and Laboratory Capacity for Infectious Diseases (ELC)	93.323	Reporting - FFATA	2021-008
Medicaid Cluster	93.775, 93.777, 93.778	Reporting - FFATA	2021-015
Medicaid Cluster	93.775, 93.777, 93.778	Special Tests and Provisions - Medicaid Fraud Control Unit (MFCU)	2021-017
Medicaid Cluster	93.775, 93.777, 93.778	Special Tests and Provisions - Medicaid National Correct Coding Initiative (NCCI)	2021-018
Medicaid Cluster	93.775, 93.777, 93.778	Special Tests and Provisions - Refunding Federal Share of Medicaid Overpayments to Providers	2021-019

Compliance with such requirements is necessary, in our opinion, for the State to comply with the requirements applicable to the programs.

**Qualified Opinions**

In our opinion, except for the noncompliance described in the Basis for Qualified Opinions paragraph, the State complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of the programs (identified above) for the year ended June 30, 2021.

**Unmodified Opinion on Each of the Other Major Federal Programs**

In our opinion, the State complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2021.

**Other Matters**

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2021-006, 2021-009, 2021-010, 2021-012, 2021-013, 2021-014, 2021-016. Our opinion on each major federal program is not modified with respect to these matters.

The State’s response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The State’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Management of the State is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2021-008, 2021-015, 2021-017, 2021-018 and 2021-019 to be material weaknesses.

*A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2021-003, 2021-004, 2021-005, 2021-006, 2021-007, 2021-009, 2021-010, 2021-011, 2021-012, 2021-013, 2021-014, and 2021-016 to be significant deficiencies.

The State's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The State's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal controls over compliance is solely to describe the scope of our testing of internal controls over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The Honorable Members of the General Assembly and the Governor  
State of Maryland

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State as of and for the year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise the State's basic financial statements. We issued our report thereon dated March 21, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**STATE OF MARYLAND**  
**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEAR ENDED JUNE 30, 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The State of Maryland (the State) includes expenditures in its Schedule of Expenditures of Federal Awards (the Schedule or SEFA) for all federal programs administered by the funds, agencies, boards and commissions, including component units, included in the State's reporting entity used for its basic financial statements, including the component unit higher education funds—the University System of Maryland, the Baltimore City Community College, Morgan State University, and St. Mary's College of Maryland. However, the Schedule of Expenditures of Federal Awards excludes the Maryland Water Quality Financing Administration and Maryland Transportation Authority. A separate single audit was conducted for these entities.

**NOTE 2 BASIS OF ACCOUNTING**

The accompanying SEFA has been presented on the accrual basis of accounting. Expenditures are recorded, accordingly, when incurred rather than when paid.

Expenditures reported on the SEFA are recognized following the cost principals contained in 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards* (Uniform Guidance) except for the expenditures for the Coronavirus Relief Fund (CRF) (CFDA 21.019). CRF expenditures are based on criteria determined by the U.S. Department of Treasury (the Treasury). The Treasury identified allowable cost and activities requirements and identified costs and activities that were unallowed or not eligible for partial or full reimbursement.

**Indirect costs**

The State has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

**NOTE 3 CATEGORIZATION OF EXPENDITURES**

The accompanying Schedule of Expenditures of Federal Awards reflects Federal expenditures for all individual grants that were active during the year. The categorization of expenditures by programs included in the accompanying SEFA is based on Assistance Listings as maintained in the System for Award Management (SAM). In accordance with the State's policy, the accompanying SEFA for the year ended June 30, 2021 reflects Assistance Listing changes published in SAM through June 30, 2021.

Certain programs presented in the accompanying Schedule that have not been assigned an Assistance Listing number are reported by the respective federal agency and titled "999." Programs related to the Intergovernmental Personnel Act are labeled "IPA" and Research and Development programs that have not been assigned an Assistance Listing number are labeled "RD."

**STATE OF MARYLAND  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED JUNE 30, 2021**

**NOTE 4 NONMONETARY FEDERAL FINANCIAL ASSISTANCE**

The State is the recipient of federal programs that do not result in cash receipts or disbursements. Nonmonetary awards included in the Schedule are as follows:

Program Name	Assistance Listing	Amount
Pandemic EBT - Food Benefits	10.542	\$ 408,276,130
Supplemental Nutrition Assistance Program	10.551	1,959,944,989
Emergency Food Assistance Program (Food Commodities)	10.569	12,777,976
Donation of Federal Surplus Personal Property	39.003	2,812,530
COVID-19 - Immunization Cooperative Agreements	93.268	33,445,499
Immunization Cooperative Agreements	93.268	4,956,065
Total		<u>\$ 2,422,213,189</u>

**NOTE 5 UNEMPLOYMENT INSURANCE**

In accordance with the Department of Labor, Office of Inspector General instructions, the State recorded State Regular Unemployment Compensation (UC) benefits under Assistance Listing 17.225 on the accompanying Schedule. The individual state and federal portions are as follows:

State Regular UC Benefits	\$ 1,063,619,122
Federal UC Benefits	43,979,853
Federal UC Benefits - COVID-19	7,105,400,284
Federal UC Administrative Costs	148,105,319
Total Benefits	<u>\$ 8,361,104,578</u>

**NOTE 6 FEDERAL MORTGAGE PLANS**

The State operates several programs that purchase federally guaranteed loans, primarily mortgages, from the originators. As the State has no responsibility for determining eligibility or compliance, these guarantees are not considered federal financial assistance for purposes of the single audit.

**NOTE 7 LOAN PROGRAMS**

The outstanding loan balances as of June 30, 2020, and loan expenditures for the year ended June 30, 2021, are considered current-year federal expenditures. These amounts are reported on the Schedule of Expenditures of Federal Awards.

**University System of Maryland**

The University System of Maryland (the System) administers loans under the Economic Adjustment Assistance Program (Assistance Listing 11.307). Under this program, the System uses revolving loan funds to enhance economic activity.

**STATE OF MARYLAND  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED JUNE 30, 2021**

**NOTE 7 LOAN PROGRAMS (CONTINUED)**

The Revolving Loan Fund (RLF) assists business development and expansion. Below is the detail to support the calculation of Total Federal Awards Expended as included in the SEFA:

93.342 Health Professions Students, Including Primary Care Loans/Loans for Disadvantaged Students	7,338,804
Total	<u>\$ 33,195,615</u>

**St. Mary's College of Maryland**

The College administers the Federal Perkins Loan Program – Federal Capital Contributions (Assistance Listing 84.038). The College received no Federal funds under the Program for the fiscal year ended June 30, 2020. The outstanding loan balance of \$115,227 as of June 30, 2020, and the outstanding loan balance of \$107,539 for the fiscal year ended June 30, 2021 are not considered current year Federal expenditures. The College did not issue new loans during the fiscal year ended June 30, 2021.

During the fiscal year ended June 30, 2021, the College processed the following amount of new loans under the Federal Education Loan Program, which includes the Stafford Loan and PLUS Loan. Since this program is administered by outside financial institutions, new loans made during the fiscal year ended June 30, 2021, relating to this program are considered current-year Federal expenditures, whereas the outstanding loan balances are not. The new loans made during the fiscal year ended June 30, 2021 are reported in the Schedule of Expenditures of Federal Awards.

**Morgan State University**

The University administers the Federal Perkins Loan Program – Federal Capital Contributions (Assistance Listing 84.038). The outstanding loan balance of \$3,211,810 as of June 30, 2020, less the Perkins Loan funds returned to the federal government of \$83,983 netting to \$3,127,827 are considered current-year Federal expenditures. These amounts are reported in summary in the Schedule of Expenditures of Federal Awards.

During the fiscal year ended June 30, 2021, the University processed \$48,137,345 in new loans under the Federal Direct Loan Program (Assistance Listing 84.268). Since this program is administered by outside financial institutions, the new loans made in the fiscal year that ended June 30, 2021 relating to this program are considered current-year Federal expenditures, whereas the outstanding loan balances are not. The new loans made in the fiscal year that ended June 30, 2021 are reported in the Schedule of Expenditures of Federal Awards.

**NOTE 8 DISASTER GRANTS – PUBLIC ASSISTANCE (ASSISTANCE LISTING 97.036)**

After a presidentially declared disaster, the U.S. Federal Emergency Management Agency (FEMA) provides a public assistance grant to reimburse eligible costs associated with repair, replacement, or restoration of disaster-damaged facilities. The federal government reimburses in the form of cost-shared grants.

In fiscal year 2021, FEMA approved approximately \$3,625,572 of eligible expenditures that were incurred in a prior year and are included in the Schedule.

**NOTE 9 REBATES FROM THE SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC)**

During fiscal year 2021, the state received cash rebates from infant formula manufacturers in the amount of \$78,666,995 based on the sale of formula to participants in the WIC program (Assistance Listing 10.557), which are netted against total expenditures included in the Schedule. Rebate contracts with infant formula manufacturers are authorized by Code of Federal Regulations, Title 7: Agriculture, Subtitle B, Chapter II, Subchapter A, Part 246.16a as a cost containment measure. Rebates represent a reduction of expenditures previously incurred for WIC food benefit costs. Applying the rebates received to such costs enabled the State to extend program benefits to more participants than could have been serviced this fiscal year in the absence of the rebate contract.

***Section II – Financial Statement Findings***

---

**Finding 2021-001 – Department of Health – Financial Closing and Reporting Process**

**Type of Finding:** Significant Deficiency in Internal Control over Financial Reporting

***Criteria***

COSO/Internal Control Framework defines control activities as “policies and procedures that help ensure management’s directives are carried out.” Policies and procedures include review of transactions and balances for classification accuracy and timely and accurate reconciliation of accounts balances of subsidiary ledgers and review of transactions for appropriate classification.

***Condition***

Internal controls over financial reporting were inadequate to prevent or detect misstatements during the preparation of the Annual Comprehensive Financial Report and in the supporting accounting records, requiring the State to post adjustments.

The Maryland Department of Health (MDH) did not conduct adequate analysis of transaction and account balance classifications. Consequently, there were misclassifications which were not detected and corrected by Management. Specifically, there were balances reported as prepaid assets that should have been recorded as either receivables or cash. Additionally, certain interagency balances were recorded as external receivables. Lastly, there were instances where expenditures were not recorded, and uncollectible aged receivable balances were not identified and appropriately accounted for due to untimely reconciliation.

***Effect***

Audit adjustments decreasing accounts receivable and revenue in addition to audit adjustments reducing prepaid assets while increasing cash and accounts receivable were required to be made to the accounting records. Also, there were adjustments noted that were immaterial in nature that management elected not to make.

***Cause***

Failure to effectively perform timely review and reconciliation resulted in errors not being detected and corrected.

***Recommendation***

We recommend the Department of Health reevaluate their policies and procedures for their year-end close and the account reconciliation process to ensure accounts are properly stated. The policies and procedures should ensure timely analysis of account balances and adequate supervisory review.

***Management Response***

There is no disagreement with the audit finding. MDH will complete all steps listed in the R\*STARS closing checklist for future close-outs and ensure adequate supervisory review. MDH will seek guidance, counsel, and direction from the State’s General Accounting Division as appropriate.

**Finding 2021-002 – Maryland Stadium Authority – Unrecorded Construction Invoices**

**Type of Finding:** Material Weakness in Internal Control over Financial Reporting

***Criteria***

Management of the department is responsible for designing, implementing, and monitoring internal controls over financial reporting.

***Condition***

The Authority did not accrue construction invoices totaling \$7,641,388. We identified and inquired about two invoices (\$5,778,435) which were not accrued at year-end. As a result of our inquiry, management identified two additional invoices (\$1,862,953) that were not properly accrued at year-end. Upon discovering the error management recorded the four invoices and adjusted the year-end accrual to reflect the adjusted amount.

***Effect***

Total liabilities were understated as of June 30, 2021, and an adjusting journal entry in the amount of \$7,641,388 was posted.

***Cause***

The Authority did not accrue the invoices due to an oversight.

***Recommendation:***

We recommend that the Authority review current close-out procedures and enhance as needed to ensure that the close-out process and procedures are consistently performed.

***Management's response***

Management agrees with the finding.

**Award Number and Year:** N/A  
**Compliance Requirement:** Reporting – Schedule of Expenditures of Federal Awards (SEFA)  
**Type of Finding:** Significant Deficiency in Internal Control Over Compliance

**Criteria or specific requirement:**

*Compliance:* 2 CFR part 200.502 states that the determination of when a federal award is expended must be based on when the activity related to the Federal award occurs. Generally, the activity pertains to events that require the non-Federal entity to comply with Federal statutes, regulations, and the terms and conditions of Federal awards, such as: expenditure/expense transactions associated with awards including grants, cost-reimbursement contracts under the FAR, compacts with Indian Tribes, cooperative agreements, and direct appropriations; the disbursement of funds to subrecipients; the use of loan proceeds under loan and loan guarantee programs; the receipt of property; the receipt of surplus property; the receipt or use of program income; the distribution or use of food commodities; the disbursement of amounts entitling the non-Federal entity to an interest subsidy; and the period when insurance is in force.

At a minimum, the schedule must:

- 1) List individual Federal programs by Federal agency. For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide the applicable Federal agency name. For R&D, total Federal awards expended must be shown either by individual Federal award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.
- 2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included.
- 3) Provide total Federal awards expended for each individual Federal program and the Assistance Listings Number or other identifying number when the Assistance Listings information is not available. For a cluster of programs also provide the total for the cluster.
- 4) Include the total amount provided to subrecipients from each Federal program.

***Section III – Findings and Questioned Costs – Major Federal Programs (Continued)***

---

**Control:** Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Condition:**

The Schedule of Expenditures of Federal Awards (SEFA) contained numerous errors due to the information provided by the State Departments. The State’s General Accounting Division (GAD) requires each Department to report federal expenditure activity as part of the year-end closing process. GAD utilizes the year-end reporting packages to compile the SEFA.

**Context:** During our testing we noted the following errors:

- Program expenditure detail did not agree to the SEFA (Schedule G),
- Non-federal expenditures were reported as federal

**Effect:**

The SEFA was not prepared in accordance with OMB requirements which affects the major program risk assessment.

**Questioned costs:**

None noted as the reporting requirement does not affect the allowability of costs and/or activities.

**Cause:**

We noted the GAD is responsible for the compilation of the SEFA (for the State) and provided year-end closing and reporting instructions to the state Departments. The instructions detailed the procedures for completing the schedule G and related supplementary schedules, including reconciliation of the federal revenue and expenditures (per Schedule G) to the state’s accounting system.

GAD has limited authority to enforce the other State Department’s adherence to the close out and reporting procedures, as well as USM’s procedures over reporting federal expenditures. As such the schedule G and supplementary schedules contained errors as reported in the condition.

**Recommendation:**

We recommend that the State determines which Agency is ultimately responsible for the completeness and accuracy of the SEFA and has the authority to enforce compliance with the year-end close-out and reporting procedures, including University of Maryland System procedures (as they relate to the SEFA). The current structure does not provide assurance that the expenditures reported on the SEFA (in total) are accurate, complete.

**Views of responsible officials:**

Management concurs with the recommendation

**Compliance Requirement:** Reporting – Schedule of Expenditures of Federal Awards  
**Type of Finding:** Significant Deficiency in Internal Control Over Compliance

**Criteria or specific requirement:**

*Compliance* – 2 CFR, Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F, §200.510(b) requires that auditees prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502.

*Internal Control* – Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Condition:**

The Schedule of Expenditures of Federal Awards (SEFA) contained errors as a result of incorrect information provided by the institutions to the University System of Maryland (USM) System Office, which ultimately compiles the SEFA. The System Office requires each institution to report federal expenditure activity as part of the year-end closing process. The System Office then utilizes the year-end reporting packages to compile the system-wide SEFA, which is ultimately the responsibility of USM.

**Context:**

The following SEFA errors were noted:

- Amounts provided by Bowie State University required adjustments to federal expenditures reported on the SEFA related to HEERF (Assistance Listing 84.425) as follows:
  - ALN 84.425E was overstated by \$3,078,526;
  - ALN 84.425F was overstated by \$395,719; and,
  - ALN 84.425J was understated by \$4,838,780.

---

- Amounts provided by the University of Maryland, Baltimore incorrectly classified \$20,520,930 in expenditures for the Global Aids program (Assistance Listing 93.067) that should have been reported in the Research & Development Cluster.

**Cause:**

These isolated findings were caused by understaffing and time constraints at the institutions that did not allow for enough resources for a proper review of information reported.

**Effect:**

The SEFA was not prepared in accordance with OMB requirements which affects the major program risk assessment.

**Questioned costs:**

None noted as the reporting requirement does not affect the allowability of costs and/or activities.

**Recommendation:**

We recommend that USM review and revise its current reporting procedures, management review requirements, and communications with the institutions to ensure that the reported information is accurate and reliable. USM may require the institutions to submit the general ledger (summary), reconciliation or analytic (year to year) that support the reasonableness of the federal expenditures. The procedures should require the institutions to provide all required information related to their program (Subrecipient expenditures, Assistance Listing numbers, and pass-through entity identifying numbers). Incomplete reporting should be returned to the institutions for resolution.

**Views of responsible officials:**

There is no disagreement with the audit finding.

**Compliance Requirement:** Allowable Costs/Cost Principles  
**Type of Finding:** Significant deficiency in Internal Control Over Compliance

**Criteria or specific requirement:**

*Compliance* – Per 2 CFR § 200.403, except where otherwise authorized by statute, costs must meet the following general criteria to be allowable under Federal awards: (a) Be necessary and reasonable for the performance of the Federal award to be allocable thereto under these principles. (b) Conform to any limitations or exclusions set forth in these principles or in the Federal award regarding types or amount of cost items. (c) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity. (d) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost. (e) Be determined in accordance with generally accepted accounting principles (GAAP), except for state and local governments and Indian tribes only, as otherwise provided for in this part. (f) Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period. See also §200.306 Cost sharing or matching paragraph (b). (g) Be adequately documented. See also §§200.300 Statutory and national policy requirements through 200.309 Period of performance of this part.

*Internal Control* – Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Cause:**

These were limited isolated instances associated with the manually intensive process for accumulating and accounting for costs associated with various activities performed related to COVID mitigation and testing. These instances resulted in the undercharging of the grant.

**Effect:**

Unallowed expenditures for time and effort may be charged to the program.

State Agency	Type of Report (# of Reports with Errors)	Specific Condition(s)
<b>Related to Inaccurate or Missing Supporting Documentation:</b>		
UMGC	Student (1)	UMGC was unable to provide documentation supporting the number of Eligible Students reported.
BSU	Annual (1)	BSU was unable to provide documentation supporting the number of students that received funding and the amount of funding distributed.
BSU	Institutional (1)	BSU reported \$768,678 in additional emergency grants to students compared to documentation showing \$793,629.
UMBC	Institutional (1)	UMBC was unable to provide documentation supporting the quarterly expenses.
<b>Related to Timeliness of Reporting:</b>		
UMCP	Student (1)	Posted 6 months after quarter end
<b>Related to Other Conditions:</b>		
BSU	Student (1)	Quarterly reports missing from website
UMBC	Student (1)	Reported #'s from April – September instead of quarterly
UMCP	Student (1)	Missing required elements #1, 6, 7

**Questioned costs:**

None.

**Cause:**

- University of Maryland, Global Campus (UMGC) – The estimated number of students who may be eligible to receive this aid was based upon reports produced in the SIS system at the time aid determinations were being made. The results were then emailed to the decision makers to review to ensure the correct population of students were being considered based upon available funding and agreed upon priorities. Since this was an estimated number, UMGC did not focus on retaining the exact reporting documentation used to produce the estimated number for this one quarterly report. When it became aware of this requirement, UMGC has subsequently retained these estimated eligible reporting results for future auditing purposes.
- University of Maryland, Baltimore County – The institution’s misinterpretation of the guidance caused the reporting issue.
- University of Maryland, College Park – Initially, the student reporting requirement was to share quarterly information outlining the number of eligible students, the number of students who received HEERF funds, and the total HEERF funds provided for the quarter (not cumulative). UMCP followed these requirements and posted the data regularly. Later the requirement changed to post a cumulative quarterly student grant report. During this change, UMCP posted the updated cumulative quarterly report late. It provided all the required student disclosure information on its website in the form FAQ, and Eligibility Criteria, however the

information was not posted exactly as the U.S Department of Education indicated as part of the Notice of Public Posting Requirement of Grant Information for HEERF Grantees.

- Bowie State University – The reporting errors were caused by various parties reporting financial data with a lack of central coordination of the reporting.

**Effect:**

The institution is not meeting the reporting and information-sharing requirements determined by the Department of Education. As a result, the institution may be subject to additional enforcement actions by the Department of Education including a delay in funding for additional HEERF programs and possibly being determined ineligible for other program funding.

**Recommendation:**

We recommend the institutions obtain an understanding of the reporting requirements established by the grant, develop a calendar to ensure timely reporting, and ensure supporting documentation is maintained to substantiate amounts reported.

**Views of responsible officials:**

There is no disagreement with the audit finding.

**Assistance Listing Number:** 84.425F  
**Award Number and Year:** P425F201854 – 20B (5/6/2020 – 1/16/2022)  
**Compliance Requirement:** Suspension and Debarment  
**Type of Finding:** Significant deficiency in Internal Control Over Compliance

**Criteria or specific requirement:**

*Compliance* – 2 CFR 180.300 states that an entity may determine suspension and debarment status by: (a) Checking SAM Exclusions; (b) Collecting a certification from that person; or (c) Adding a clause or condition to the covered transaction with that entity.

*Internal Control* – Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Condition:**

Towson University (TU) did not determine the suspension and debarment status on vendors with expenditures exceeding \$25,000 during the fiscal year as required by federal regulations.

**Context:**

The suspension and debarment status for 1 out of 12 items tested was not documented before the time of procurement.

**Cause:**

During the pandemic, all related expenditures were tracked under a specific department. At that time, the funding source was state funds. As a result, the purchase in question did not fall in the category of suspension and debarment verification. When TU received HEERF funding, those funds were drawn down to supplement our expenses that were pandemic related. It is also important to note that HEERF funds were received after the purchase.

**Effect:**

Federal funds may be paid to parties that are ineligible.

**Questioned costs:**

None.

**Type of Finding:** Material Weakness in Internal Control Over Compliance, Material Noncompliance

**Criteria or specific requirement:**

*Compliance:* Per the Federal Funding Accountability and Transparency Act (FFATA), prime (direct) recipients of grants or cooperative agreements are required to report first-tier subawards of \$30,000 or more to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). Reports must be filed in FSRS by the end of the month following the month in which the prime recipient awards any sub-grant greater than or equal to \$30,000. If the initial award is below \$30,000 but subsequent grant modifications result in a total award equal to or over \$30,000, the award will be subject to the reporting requirements as of the date the award exceeds \$30,000. If the initial award equals or exceeds \$30,000 but funding is subsequently de-obligated such that the total award amount falls below \$30,000, the award continues to be subject to FFATA reporting requirements.

The following key data elements must be reported: Subawardee Name and Data Universal Numbering System (DUNS) number; Amount of Subaward (inclusive of modifications); Subaward Obligation/Action Date; Date of Report Submission; Subaward Number; Project Description; and Names and Compensation of Highly Compensated Officers. (Names and Compensation of Highly Compensated Officers must only be reported when the entity in the preceding fiscal year received 80 percent or more of its annual gross revenues in Federal awards; and \$30,000,000 or more in annual gross revenues from Federal awards; and the public does not have access to this information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.)

When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and subaward. Required information includes:

- ii. Subrecipient's unique entity identifier;
- iii. Federal Award Identification Number (FAIN);
- iv. Federal Award Date (see the definition of Federal award date in § 200.1 of this part) of award to the recipient by the Federal agency;

is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Condition:**

The Department of Health (Department) did not include all required information in its subaward agreements.

**Context:**

For 7 of 7 subawards selected for testing, the following required elements were missing from the subaward agreements:

- Federal Award Identification Number (FAIN)
- Subaward Budget Period Start and End Date
- Federal award project description, as required to be responsive to the Federal Funding Accountability and Transparency Act (FFATA)
- Identification of whether the award is R&D
- Indirect cost rate for the Federal award (including if the de minimis rate is charged) per section 200.414

**Cause:**

The Department’s procedures were not sufficient to ensure that it included all required elements in its subaward agreements. Internal controls did not prevent or detect the errors.

**Effect:**

Subrecipients were not provided with all required federal award information pertaining to their subawards. Excluding required federal grant award information at the time of the subaward may cause subrecipients and their auditors to be uninformed about specific program and other regulations that apply to the funds they receive. There is also the potential for subrecipients to have incomplete Schedules of Expenditures of Federal Awards (SEFA) in their Single Audit reports, and federal funds may not be properly audited at the subrecipient level in accordance with the Uniform Guidance.

**Questioned costs:**

None noted.

We recommend the Department review and enhance internal controls and procedures to ensure that all required information is included in its subawards.

**Compliance Requirement:** Cash Management  
**Type of Finding:** Significant Deficiency in Internal Control Over Compliance

**Criteria or specific requirement:**

*Compliance:* US Department of the Treasury (Treasury) regulations at 31 CFR Part 205 implement the Cash Management Improvement Act of 1990 (CMIA), as amended (Pub. L. No. 101-453; 31 USC 6501 et seq.). Subpart A of those regulations requires state recipients to enter into Treasury-State Agreements that prescribe specific methods of drawing down federal funds (funding techniques) for federal programs listed in the Assistance Listing (Catalog of Federal Domestic Assistance) that meet the funding threshold for a major federal assistance program under the CMIA. Treasury-State agreements also specify the terms and conditions under which an interest liability would be incurred. Programs not covered by a Treasury-State Agreement are subject to procedures prescribed by Treasury in Subpart B of 31 CFR Part 205 (Subpart B), which at 31 CFR section 205.33(a) include the requirement for a state to minimize the time between the drawdown of federal funds and their disbursement for federal program purposes.

**Condition:**

The Department of Health (Department) was unable to provide documentation to support review of cash draw requests. The cash draw requests were compiled and submitted by the same employee without review by an employee other than the preparer.

**Context:**

Epidemiology and Laboratory Capacity for Infectious Diseases: Eight of eight cash draw requests selected for testing did not have evidence of supervisory review.

Opioid STR: Nine of nine cash draw requests selected for testing did not have evidence of supervisory review.

HIV Care Formula Grants: Eight of eight cash draw requests selected for testing did not have evidence of supervisory review.

**Cause:**

The Department's procedures and controls were not sufficient to ensure that cash draw requests were properly reviewed. The Department experienced changes in program personnel which resulted in a shortage of staff which contributed to inconsistent review of cash draw requests.

**Effect:**

Failure to review cash draw requests could result in cash draws that do not accurately reflect eligible program costs.

**Questioned costs:**

None noted.

**Recommendation:**

We recommend that the Department review and enhance current procedures to ensure that cash draw requests are reviewed by an employee other than the preparer. The review should ensure that the cash draw request is supported by allowable program costs.

- (a) Be necessary and reasonable for the performance of the Federal award and be allocable thereto under these principles.
- (b) Conform to any limitations or exclusions set forth in these principles or in the Federal award as to types or amount of cost items.
- (c) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity.
- (d) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.

**Condition:**

The Department of Health (Department) did not provide documentation of approval of payroll costs charged to the program. Payroll costs for employees paid based on exception time reporting was not consistently reviewed to ensure that the allocation of payroll was accurate. In addition, the Department did not periodically reconcile payroll costs to actual program effort to ensure that the time and effort charged to the program was accurate.

**Context:**

For 3 of 40 payroll transactions selected for testing, the Department did not approve and or review salary charges to the grant for exception-based employees whose hours worked were not entered into the State's payroll system.

**Cause:**

The Department relied on an initial payroll allocation established in their payroll system. Procedures were not sufficient to ensure that all employees' time was reviewed and approved before it was charged to the program and internal controls did not prevent or detect the errors.

**Effect:**

The risk for unallowed costs increases due to lack of supervisor review and /or timely reconciliation of actual time and effort to expected.

**Questioned costs:**

\$7,775, represents the known payroll costs selected for testing that were not reviewed and approved.

**Recommendation:**

We recommend that the Department review and enhance current procedures to ensure that all program costs are accurate and allowable. The documentation of the review should be maintained and readily available for audit.

Other Matters

**Criteria or specific requirement:**

*Compliance:* 2 CFR section 200.403 states, in part, except where otherwise authorized by statute, costs must meet the following general criteria in order to be allowable under Federal awards:

- (a) Be necessary and reasonable for the performance of the Federal award and be allocable thereto under these principles.
- (b) Conform to any limitations or exclusions set forth in these principles or in the Federal award as to types or amount of cost items.
- (c) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity.
- (d) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- (e) Be determined in accordance with generally accepted accounting principles (GAAP), except, for state and local governments and Indian tribes only, as otherwise provided for in this part.
- (f) Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period.
- (g) Be adequately documented.

*Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Context:**

For 5 of 60 expenditure transactions selected for testing, the Department was unable to provide documentation supporting the expenditure.

**Cause:**

The Department's procedures were not sufficient to ensure that it maintained supporting documentation for all expenditures charged to the program. Internal controls did not prevent or detect the error.

**Effect:**

Undocumented expenditures were charged to the program.

**Questioned costs:**

\$109,923 – The federal share of undocumented expenditures charged to the program.

**Recommendation:**

We recommend that the Department review and enhance current procedures to ensure that it maintains documentation for all expenditures charged to the program and that this documentation is readily available for audit.

**Views of responsible officials:**

Management agrees with the finding.

*Compliance:* Per the Federal Funding Accountability and Transparency Act (FFATA), prime (direct) recipients of grants or cooperative agreements are required to report first-tier subawards of \$30,000 or more to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). Reports must be filed in FSRS by the end of the month following the month in which the prime recipient awards any sub-grant greater than or equal to \$30,000. If the initial award is below \$30,000 but subsequent grant modifications result in a total award equal to or over \$30,000, the award will be subject to the reporting requirements as of the date the award exceeds \$30,000. If the initial award equals or exceeds \$30,000 but funding is subsequently de-obligated such that the total award amount falls below \$30,000, the award continues to be subject to FFATA reporting requirements.

The following key data elements must be reported: Subawardee Name and Data Universal Numbering System (DUNS) number; Amount of Subaward (inclusive of modifications); Subaward Obligation/Action Date; Date of Report Submission; Subaward Number; Project Description; and Names and Compensation of Highly Compensated Officers. (Names and Compensation of Highly Compensated Officers must only be reported when the entity in the preceding fiscal year received 80 percent or more of its annual gross revenues in Federal awards; and \$30,000,000 or more in annual gross revenues from Federal awards; and the public does not have access to this information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.)

**Compliance Requirement:** Special Tests and Provisions: Managed Care Financial Audit  
**Type of Finding:** Significant Deficiency in Internal Control Over Compliance,  
Other Matters

**Criteria or specific requirement:**

*Compliance:* Two types of audits are required for managed care:

1. Audited Financial Reports – The contract with each Managed Care Organization (MCO), Prepaid Inpatient Health Plan (PIHP), and Prepaid Ambulatory Health Plan (PAHP) must require them to submit to the state an audited financial report specific to the Medicaid contract on an annual basis. These audits must be conducted in accordance with generally accepted accounting principles and generally accepted auditing standards (42 CFR section 438.3(m)).
2. Periodic Audits – Effective no later than for rating periods for contracts starting on or after July 1, 2017, the state must periodically, but no less frequently than once every three years, conduct, or contract for an independent audit of the accuracy, truthfulness, and completeness of the encounter and financial data submitted by, or on behalf of each MCO, PIHP, and PAHP and post the results of these audits on its website (42 CFR section 438.602(e) and (g); May 6, 2016, Federal Register (81 FR 27497); OMB No. 0938-0920).

*Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. **Condition:**

The Department of Health (Department) did not post the results of periodic audits on its website as required by 42 CFR Section 438.602(e).

**Context:**

Five of five audits selected for testing were reviewed by the Department, but the results were not posted to its website.

None noted.

**Recommendation:**

We recommend that the Department review and enhance current procedures to ensure that it posts results of all MCO periodic audits on its website, in accordance with 42 CFR Section 438.602(e).

**Compliance Requirement:** Special Tests and Provisions: Medicaid Fraud Control Unit (MFCU)  
**Type of Finding:** Material Weakness in Internal Control Over Compliance, Material Noncompliance

**Criteria or specific requirement:**

*Compliance:* States are required as part of their Medicaid state plans to maintain a MFCU unless the HHS secretary determines that a MFCU would not be cost-effective. States must have an agreement between the MFCU and the State Medicaid agency, which includes methods of coordination and procedures for referring potential fraud, including potential fraud arising in managed care networks. States must ensure suspected fraud or other criminal violations are referred to the MFCU, or in jurisdictions without a MFCU, to another office with authority to prosecute cases of provider fraud, and ensure that overpayment recoveries resulting from MFCU activities are accurately reported on the CMS-64 in accordance with sections 1903(d)(2)(C) and (D) of the Act.

*Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Condition:**

The Department of Health (Department) did not report on the CMS-64 all overpayment recoveries collected as a result of MFCU activities during FY 2021.

**Context:**

For 3 of 11 cases selected for testing, the Department could not provide support that the overpayment recoveries had been reported on the CMS-64.

**Effect:**

Failure to report the Federal share of overpayment recoveries results in an overstatement of the Federal share of program expenditures.

**Questioned costs:**

\$56,686 – The federal share of recoveries not reported to CMS.

We recommend that the Department review and enhance current procedures and controls to ensure that it correctly reports the Federal share of overpayment recoveries on a timely basis.

**Compliance Requirement:** Special Tests and Provisions: Medicaid National Correct Coding Initiative (NCCI)  
**Type of Finding:** Material Weakness in Internal Control Over Compliance,  
Material Noncompliance

**Criteria or specific requirement:**

*Compliance:* Effective October 1, 2010, State Medicaid Agencies (SMAs) were required to incorporate NCCI methodologies into the state Medicaid programs pursuant to the requirements of Section 6507 of the Affordable Care Act (section 1903(r) of the Social Security Act). The purpose of the NCCI Program is to promote correct coding, prevent coding errors, prevent code manipulation, reduce improper payments and reduce the paid claims improper payment rate. The Annual Report to Congress – Medicare and Medicaid Integrity Programs – Fiscal Year 2017 (2017 RTC (cms.gov)) reported that the NCCI program saved at least \$698.1 million in Medicare in FY 2017.

In paying applicable Medicaid claims, states' MES are required to completely and correctly implement the following six Medicaid NCCI methodologies to ensure that only proper payments of procedures are reimbursed.

- a. NCCI Procedure-to-Procedure (PTP) edits for practitioner and ambulatory surgical center (ASC) claims.
- b. NCCI PTP edits for outpatient hospital services, including emergency department, observation care, and outpatient hospital laboratory services.
- c. Medically Unlikely Edit (MUE) units of service (UOS) edits for practitioner and ASC services.
- d. MUE UOS edits for outpatient hospital services including emergency department, observation care, and outpatient hospital laboratory services.
- e. MUE UOS edits for durable medical equipment (DME) billed by providers.
- f. NCCI PTP edits for durable medical equipment (added in October 2012).

States are also required to use:

- all four components of each Medicaid NCCI methodology;
- the most recent quarterly Medicaid NCCI edit files for states;
- the Medicaid NCCI edits in effect for the date of service on the claim line or claim;
- the claim-adjudication rules in the Medicaid NCCI methodologies; and
- all modifiers for Healthcare Common Procedure Coding System (HCPCS) codes and Current Procedural Terminology (CPT) codes needed for the correct adjudication of applicable Medicaid claims.

The NCCI Medicaid Policy Manual and the NCCI Medicaid Technical Guidance Manual contain additional requirements for implementation of the NCCI methodologies. The Medicaid NCCI methodologies must be applied to Medicaid fee-for-service claims submitted with, and reimbursed on the basis of, HCPCS codes and CPT codes. This includes claims reimbursed on a fee-for-service basis in state Medicaid Primary Care Case Management managed care programs. Application of NCCI methodologies to fee for-service claims processed by other entities, including limited benefit plans or Managed Care Organizations, is not required; however, if SMAs require the application of NCCI methodologies to fee-for-service claims processed by such entities, then such entities must meet NCCI program requirements, including compliance with the NCCI Medicaid Policy Manual and the NCCI Medicaid Technical Guidance Manual.

**Control:** Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

**Condition:**

The Department of Health (Department) was unable to provide evidence that it had complied with Medicaid National Correct Coding Initiative (NCCI) requirements during FY2021.

**Context:**

Department employees with responsibility for NCCI compliance were no longer employed by the Department as of the time auditors were reviewing compliance with NCCI requirements, and auditors were informed that oversight responsibility had not been reassigned. Therefore, the Department was unable to provide documentation that it was in compliance with NCCI requirements during FY2021.

**Cause:**

Due to staff turnover, the Department did not maintain oversight of NCCI requirements during FY2021.

**Effect:**

The Department was unable to demonstrate compliance with NCCI requirements.

**Compliance Requirement:** Special Tests and Provisions: Refunding of Federal Share of  
Medicaid Overpayments to Providers  
**Type of Finding:** Material Weakness in Internal Control Over Compliance,  
Material Noncompliance

**Criteria or specific requirement:**

*Compliance:* The 42 CFR 433 Subpart F outlines the requirements State Medicaid Agencies (SMAs) are to follow related to refunding the federal share of Medicaid overpayments made to providers. Pursuant to 1903(d)(2)(C) of the Social Security Act (the Act) (42 USC 1396b), states have up to one (1) year from the date of discovery of the overpayment to recover or attempt to recover the overpayment before the federal share must be refunded to CMS via Form CMS-64 Summary, Line 9C1- Fraud, Waste & Abuse Amounts, regardless of whether recovery is made from the provider. The state must credit the federal share to CMS as outlined under 42 CFR 433.320(a)(2) either in the quarter in which the recovery is made or in the quarter in which the one-year period ends following discovery, whichever is earlier, with limited exceptions. Under 42 CFR 433.316(d), for overpayments resulting from fraud, if not collected within one year of discovery, the SMA has until 30 days after the final judgment of a judicial or administrative appeals process to return the federal share.

Additionally, in accordance with 42 CFR 433.320(a)(4), the state will be charged interest for any non-recovered, non-refunded overpayment amounts. Any appeal rights offered to the provider does not extend the date of discovery per 42 CFR 433.316(h).

*Control:* Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should comply with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States or the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
