

State of Maryland

Consolidated Revenue Report

Fiscal Year 1998

Robert L. Swann
Comptroller of the Treasury

Serving Maryland taxpayers

**TO THE GOVERNOR, MEMBERS OF THE GENERAL ASSEMBLY
AND THE PEOPLE OF MARYLAND:**

I am pleased to submit to you this ninth consolidated report on those revenues collected by the Comptroller of the Treasury. This report is not intended to replace the Comprehensive Annual Financial Report, also issued by my office, which summarizes the annual financial activities of the state.

During fiscal year 1998, the Comptroller's Office collected \$10 billion in revenues. Of this amount, \$6.8 billion was deposited into the state's general fund, \$2.4 billion was collected for distribution to Maryland's counties and municipalities, and \$745 million was collected for the Department of Transportation and other special fund agencies of the state. These revenues were collected at a cost to the taxpayers of 58 cents per \$100 collected.

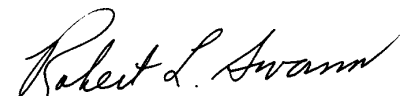

The Comptroller's Office continues to expand the technologies used to collect revenue and provide service. The comptroller's website, with its emphasis on interactive and information services for both businesses and individuals, was one big reason Maryland was ranked first among the states by a wide margin in 1997 in using digital technology in tax administration

and taxpayer services. In March 1998, Maryland became the first state to allow new businesses to register for a variety of tax accounts online, through the comptroller's website. Our newly redesigned website is even more user friendly, offering visual, navigation, and content improvement.

We are expanding the use of electronic filing for personal income taxes by allowing Maryland taxpayers to file from their personal computers for the first time for 1998 tax returns.

Helping to implement the state tax cut effective for tax year 1998 was a major initiative for our office in fiscal year 1998 and continues to be a priority this year. The tax cut has required new withholding tables, extensively redesigned forms, and a major public education effort designed to minimize taxpayer confusion.

I hope this report will help you understand the organization and operations of my office and its efforts to fairly and equitably administer Maryland's tax laws.

MISSION

The Comptroller's Office is dedicated to carrying out its duties and responsibilities equitably, effectively, and efficiently; to providing excellent service while treating Maryland taxpayers fairly and courteously; to responsibly managing public resources; and to maintaining and improving the integrity of Maryland's finances and the excellence of Maryland's fiscal reputation.

ORGANIZATION

The Comptroller of the Treasury is organized into five major functional areas: (1) Executive Direction and Administration, which includes the state comptroller and his staff, and the agency's central management and budgeting functions; (2) Revenue Administration, which includes administering and enforcing the state and local income tax laws, the sales and use, motor fuels, alcoholic beverages and tobacco, energy generation, and estate taxes, emergency telephone system tax, unclaimed property, the local admissions and amusement taxes, and revenue estimating; (3) Regulation, which includes regulating the alcohol, tobacco and motor fuel industries; (4) Financial Control, which includes accounting for revenues and expenditures, and payroll operations; and (5) Data Services, which entails responsibility for data processing/computer services for most state agencies.

A BRIEF HISTORY OF THE COMPTROLLER OF THE TREASURY

The Maryland state constitution of 1867 (Article VI, Section 2) describes the duties and responsibilities of the Office of the Comptroller stating that: *"The comptroller shall have the general superintendence of the fiscal affairs of the State... prepare plans for the improvement and management of the Revenue, and for the support of the Public Credit; prepare and report estimates of the Revenue and Expenditures of the state, superintend and enforce the prompt collection of all Taxes and Revenues, and preserve all public accounts."*

This brief description encompasses one of the most important functions in state government. In collecting the bulk of Maryland's general fund revenues; paying the state's bills; regulating motor fuel, alcoholic beverages, and cigarettes; and providing data services to other state agencies, the Comptroller's Office touches the lives of many Marylanders.

EXECUTIVE DIRECTION AND ADMINISTRATION

OFFICE OF THE COMPTROLLER

The Office of the Comptroller provides executive direction for the Comptroller of the Treasury, including staff support for the comptroller and deputy comptrollers. The public affairs and training functions are also included, as is support for the comptroller's responsibilities as a member of the Board of Public Works. Administrative support and direction for the 24 Registers of Wills is also provided by the Office of the Comptroller.

OFFICE OF ADMINISTRATION AND FINANCE

The Office of Administration and Finance provides centralized budgeting, accounting and procurement activities for the Comptroller of the Treasury. The office provides mailroom, printing and other administrative support services. This office also performs capital grant and loan administration as well as accounting for debt service on the state's general obligation bonds.

OFFICE OF HUMAN RESOURCES

The Office of Human Resources provides recruiting, personnel and equal employment opportunity services to the Comptroller of the Treasury.

In 1998, Maryland became the first state in the nation to allow new businesses to register a variety of tax accounts online.

REVENUE ADMINISTRATION

REVENUE ADMINISTRATION DIVISION

The Revenue Administration Division processes personal, corporation, fiduciary, employer withholding, estate, tire fee, admissions and amusement, sales and use, and motor fuel tax returns. All remittances received with these returns are deposited through a Centralized Remittance Processing Center.

In addition, the division is responsible for providing assistance to taxpayers, adjusting taxpayer accounts, controlling all tax processing systems, accounting for and reporting all tax revenues received, and distributing the local income tax collected on Maryland state and local income tax returns to the subdivisions of Maryland.

BUREAU OF REVENUE ESTIMATES

The Bureau of Revenue Estimates carries on continuing studies and reviews of the economic and business situations as they affect the revenue of the state. The bureau serves as executive secretariat to the Board of Revenue Estimates, which is composed of the state comptroller, state treasurer and secretary of budget and management. It prepares various reports on revenues throughout the year. The bureau is also responsible for legislative duties related to tax issues.

COMPLIANCE DIVISION

This division is responsible for business tax audits, compliance programs, delinquent tax collection, tax hearings and appeals, fuel quality testing; and

alcohol and tobacco law enforcement.

Additionally, the Compliance Division is responsible for:

- administering the Uniform Disposition of Unclaimed Property Act pursuant to Title 17 of the Commercial Law Article of the Annotated Code of Maryland;

- collecting and distributing the Environmental Trust Fund revenue pursuant to Section 3-302 of the Natural Resources Article of the Annotated Code of Maryland, the Telephone Trust Fund revenue pursuant to Section 18-105 of Article 41 of the Annotated Code of Maryland, and the Telecommunications Access of Maryland Surcharge under Section 6-507 of Article 41 of the Annotated Code of Maryland; and

- enforcing the State Revenue License Laws under Title 17 of the Business Regulation Article of the Annotated Code of Maryland.

In 1999, for the first time, taxpayers will be able to file Maryland personal tax returns from their personal computers - a convenience for the taxpayer and a considerable savings to the state.

REGULATION

Maryland became a leader in the field of petroleum testing when the motor fuel testing laboratory opened in 1974.

ALCOHOL AND TOBACCO TAX UNIT

This unit administers laws and regulations pertaining to alcoholic beverages and tobacco. The unit is responsible for regulating the manufacture, storage, transportation, sale and distribution of alcoholic beverages and cigarettes, and collects the excise tax on beer, wine, distilled spirits and cigarettes.

In fulfillment of its responsibilities, the unit issues licenses and permits, maintains alcoholic beverage price filings and credit control lists, and promotes fair trade practices in accordance with the law.

MOTOR FUEL TAX UNIT

This unit licenses and regulates motor fuel dealers (i.e., anyone bringing petroleum products into Maryland for a first sale), all motor fuel resellers and all motor fuel users with bulk storage. It registers and licenses interstate motor carriers based in Maryland under the International Fuel Tax Agreement (IFTA), and it registers petroleum transporters operating in and through Maryland.

FINANCIAL CONTROL

GENERAL ACCOUNTING DIVISION

The General Accounting Division maintains the state's general ledger and other official accounting records, which account for all state funds; exercises over-all appropriation control; performs compliance auditing on all disbursements; approves warrants for all money to be paid into or out of the treasury; countersigns and distributes all state treasury checks; promulgates general guidance on matters concerning internal control; prepares the state's comprehensive annual financial reports and certain other financial reports; makes certain calculations concerning the administration and distribution of revenues; and manages the contract for the audit of the state's

annual financial report and all federal grants to the state.

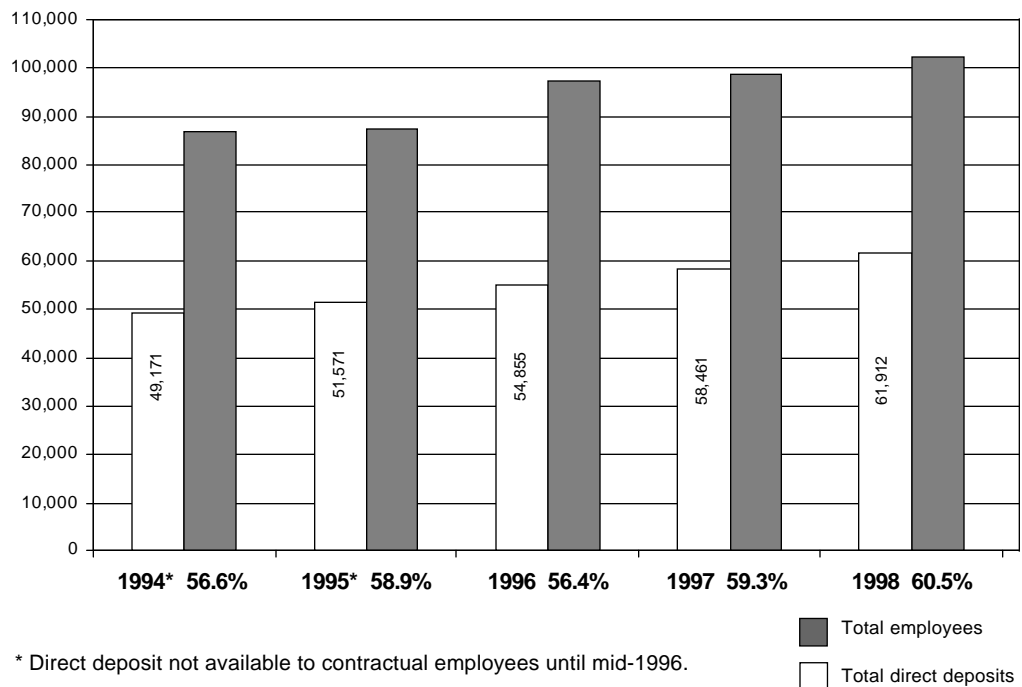

CENTRAL PAYROLL BUREAU

The Central Payroll Bureau pays biweekly salaries to all state employees of the legislative, judicial and executive branches as well as the University of Maryland System. Special payments for services of employees hired on a contractual

basis are also paid through this bureau. The Central Payroll Bureau is dedicated to providing services to state employees, agency payroll offices, and to other government entities through timely and accurate wage and other associated payments; through the provision of direct deposit services; and by the management of the deductions and payment distribution of over 165 unique payroll deductions.

By using a corporate credit card, the Comptroller's Office is cutting costly paperwork for state agencies while providing faster payments to vendors doing business with the state.

Direct Deposit for State Employees

DATA SERVICES

DATA PROCESSING DIVISION

This division functions as a service bureau, providing modern data processing/computer services to most state agencies. The division includes a large computer center in Annapolis, known as the Annapolis Data Center.

The computer center is connected to more than 19,000 remote terminals throughout the state and is critical to the daily operation of most state agencies. The security and privacy of information is of the highest priority.

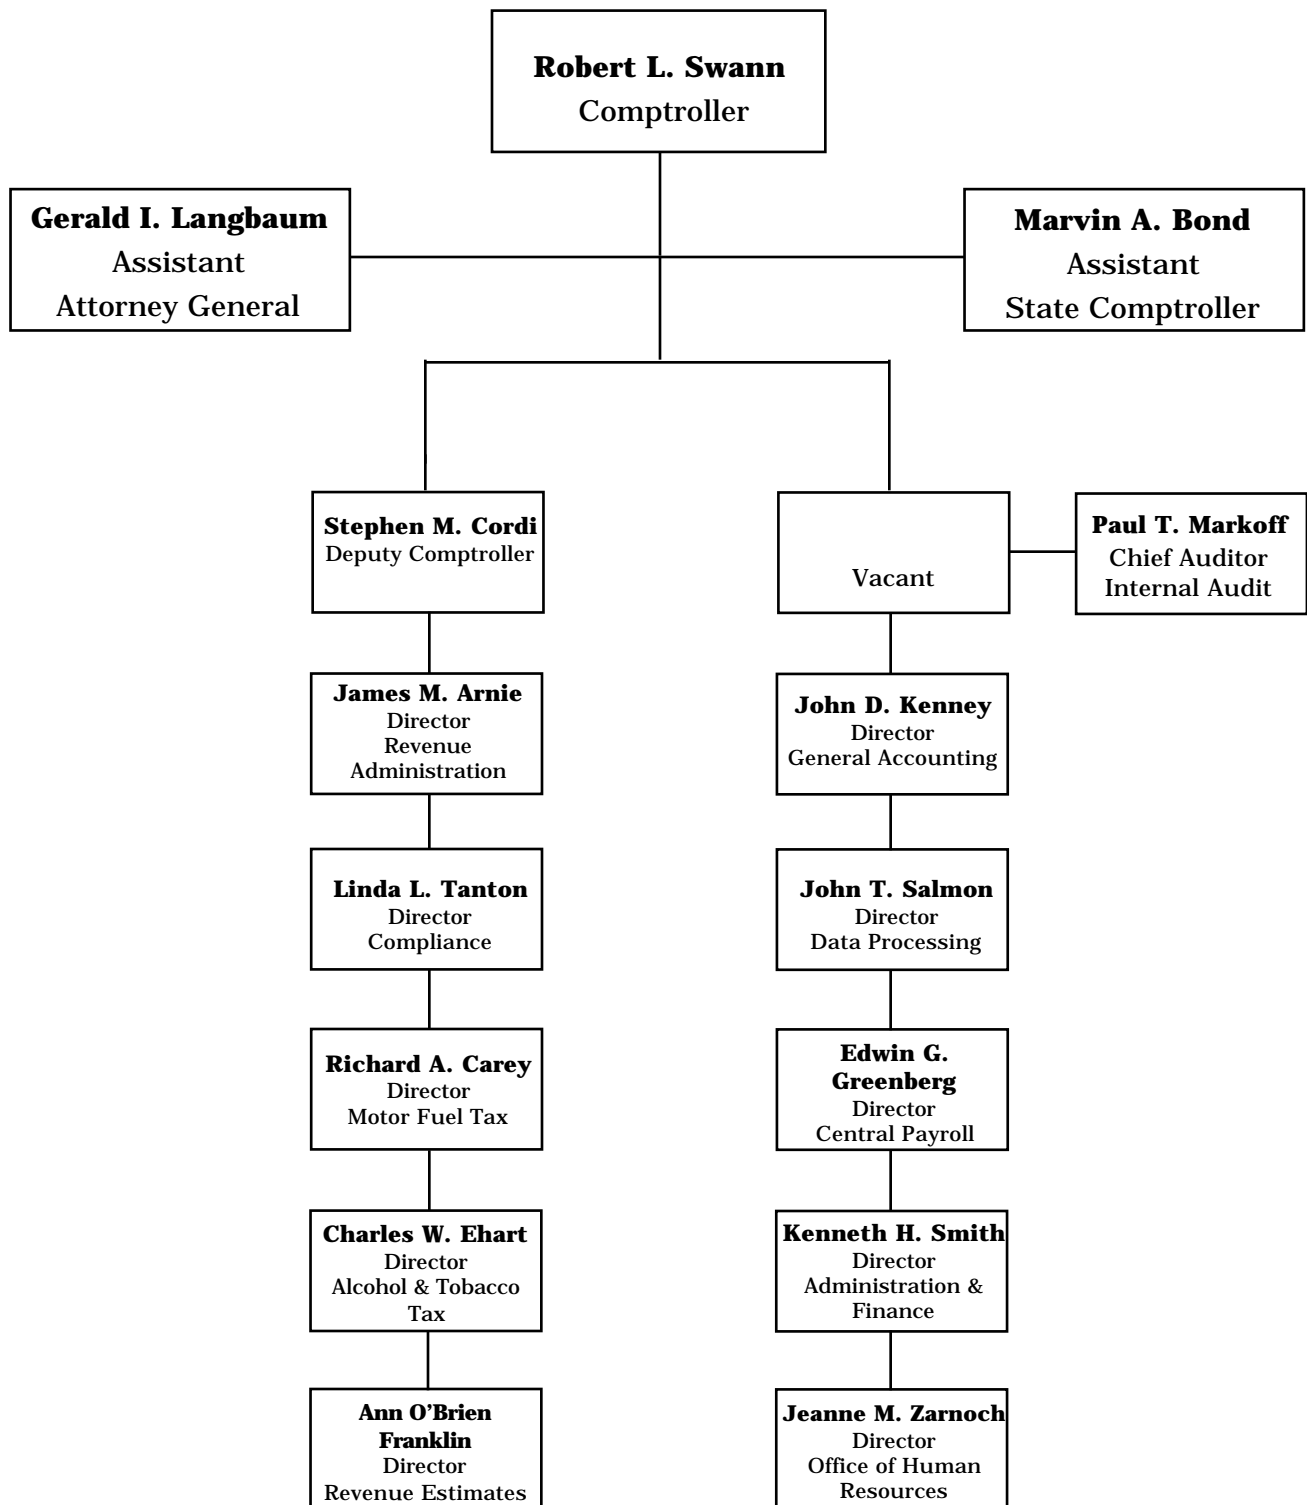

The Comptroller's Office has been recognized as being on schedule in addressing the year 2000 computer problem.

CORPORATION INCOME TAX

During fiscal year 1998, the Revenue Administration Division collected 351.6 million in corporation income tax revenues.

The revenues collected from Maryland's corporation income tax are allocated between

the general fund and various transportation programs on the basis of a complex formula. The following table lists the revenues that were distributed to each of the various funds during fiscal year 1998.

SALES AND USE TAX

During fiscal year 1998, the Comptroller's Office collected \$2.16 billion in net sales and use tax receipts. Tax collections totalled \$2.18 billion, and refunds totalled \$18.8 million.

The taxable food and beverage group produced the largest amount of revenue (\$445.4 million), followed by the general merchandise group (\$409.1 million). The miscellaneous category produced the third largest amount (\$292.0 million). This category includes a variety of goods and services, such as book-

stores, card stores, florists and security services.

Among the state's geographic regions, Baltimore County generated the most revenue (\$322.8 million), followed by Montgomery County (\$310.4 million), Prince George's County (\$260.4 million), Baltimore City (\$219.3 million) and Anne Arundel County (\$181.3 million).

Table 3 represents a two year comparison of sales and use tax revenue by county. Table 4 presents sales and use tax collections by county and principal type of business for fiscal year 1998.

UNCLAIMED PROPERTY RECEIPTS

The Comptroller's Office is also responsible for administering the Uniform Disposition of Unclaimed Property Act. It is responsible for the care, custody and control of all tangible property presumed abandoned or unclaimed.

The value of the property may be claimed by its rightful owner at any time subsequent to this distribution.

The table below presents an analysis of collections and distributions of unclaimed property receipts during fiscal year 1998.

ENERGY GENERATION SURCHARGE

The Comptroller's Office also collects and distributes to the Environmental Trust Fund revenue collected from the energy generation surcharge. During fiscal year 1998, \$8.0 million was collected from this revenue source.

EMERGENCY TELEPHONE SYSTEM TAX

The Comptroller's Office collects the emergency telephone system tax. This revenue is used to fund local emergency 911 telephone systems. During fiscal year 1998, \$22.6 million was collected from this revenue source.

TELECOMMUNICATIONS ACCESS OF MARYLAND

The Comptroller's Office collects the telecommunication access of Maryland tax. This revenue is used to provide telephone service to the hearing and speech impaired citizens of Maryland. During fiscal year 1998, \$6.8 million was collected from this revenue source.

TIRE RECYCLING FEE

The Comptroller's Office is responsible for collecting the tire recycling fee. The proceeds go to a special fund administered by the Department of Environment for scrap tire removal and recycling. During fiscal year 1998, \$5.2 million was collected from this revenue source.

ESTATE TAX

The Comptroller's Office collects the estate tax from the executors and administrators of Maryland-situs estates. During fiscal year 1998, \$56.8 million was collected from this source and deposited into the general fund.

SAVINGS AND LOAN ASSOCIATION FRANCHISE TAX

The Comptroller's Office also collects the franchise tax on shares of savings and loan associations. This annual tax is levied at the rate of 0.013% of the total withdrawal value of the deposits that a savings and loan association holds in Maryland. During fiscal year 1998, \$1.5 million was collected from this tax for deposit into the general fund.

Through a state-of-the-art electronic document storage system, the Comptroller's Office has helped Maryland's Registers of Wills streamline the process of settling an estate.

ALCOHOL AND TOBACCO TAXES

During fiscal year 1998, the Comptroller's Office collected \$153.3 million in alcohol and tobacco tax revenues for the state General Fund.

Table 7 presents a two-year comparison of alcohol and tobacco tax revenue.

NEW TAX LEGISLATION

INCOME TAX

SB77 (Chapter 578). Expands the definition of a business qualifying for the current Neighborhood and Community Assistance Program credit to include individuals as well as corporations. However, individuals must make contributions as a business entity. Effective July 1, 1998 for contributions made after July 1, 1998.

SB79 (Chapter 18). Delays the due date for the Statistics of Income report from January 1 of the year after returns are received for a tax year to January 1 of the second year after returns are received for a tax year. Effective October 1, 1998.

SB80 (Chapter 19). Permits the comptroller to enter into agreements with other states to intercept tax refunds to satisfy the other state's tax liabilities. These agreements *must* be reciprocal. Effective October 1, 1998 for tax years beginning after December 31, 1997.

SB81 (Chapter 147). This emergency measure removes the requirement, enacted last year, for separate payment of the state and local income tax. Effective April 28, 1998.

SB178 and HB599 (Chapters 324 and 325). Provides tax benefits to certain taxpayers, primarily farmers, to implement nutrient management plans. A subtraction is allowed for 100% of the cost of poultry or livestock manure-spreading

equipment. A credit is allowed for 50% of certain commercial fertilizer costs for the conversion of agricultural production to a nutrient management plan. Effective for tax years beginning after December 31, 1998 for the subtraction and after December 31, 1999 for the credit.

SB268 (Chapter 572). Allows an individual to subtract up to \$2,500 annually in advance payments of undergraduate tuition made as provided under the Maryland Higher Education Investment Program. Refunds that are not applied on behalf of the beneficiary for higher education tuition and other fees must be included as an addition modification. Effective July 1, 1998 for tax years beginning after December 31, 1997.

SB292 and HB565 (Chapters 598 and 599). The Work, Not Welfare Tax Credit is extended to allow the credit for employees hired through June 30, 2000. Along with wages paid and child care expenses, transportation expenses paid by the employer that enable the employee to work are now eligible for the credit. The bill eliminates the third year of the current credit, but provides for a "super credit": a larger credit allowed for the first year only of the employment of an individual who has received welfare benefits for an extended period of time. These last two provisions are effective June 1, 1998 for employees hired on or after June 1, 1998.

SB396 (Chapter 384). Increases the current subtraction allowed to volunteer police, fire, rescue, and emergency services personnel from \$3,000 to \$3,500. Effective for tax years beginning after December 31, 1998.

SB487 (Chapter 399). Permits the counties and Baltimore City to change their local income tax rates by two (2) percentage points throughout the 20% to 60% range of authorized rates, rather than only between 50% and 60%. For tax year 1998, local governments could reduce their rates in increments of two or five percentage points by notifying the comptroller on or before June 1, 1998. Effective May 12, 1998.

SB537 (Chapter 614). Extends the termination date of the tax credits for employment of individuals with disabilities by two (2) years to allow the credit to be claimed for employees hired before January 1, 2003, and applied to tax years through 2004. Requires the State Department of Education annually to report to the governor and General Assembly on the tax credits. Effective July 1, 1998.

SB638 (Chapter 7). Permits a tax credit to employers for 5% of the cost of providing long-term care insurance to employees, not to exceed \$5,000 or \$100 per employee, whichever is less. Effective July 1, 1998 for tax years beginning after December 31, 1998.

SB619 (Chapter 623). Requires that businesses locate new or expanded premises in designated priority funding areas in order to qualify for the new jobs tax credits. The sunset date for the tax credits is extended from December 31, 2000 to December 31, 2001. Effective October 1, 1998, applicable to tax years 1998 through 2007.

SB750 (Chapter 4). Accelerates the income tax reduction enacted by the 1997 General Assembly. The top marginal tax rate is reduced from 4.95% to 4.875% for tax year 1998 and from 4.9% to 4.85% for tax year 1999. The exemption amounts are increased from \$1,400 to \$1,750 for tax year 1998 and from \$1,600 to 1,850 for tax year 1999. Effective for tax years beginning after December 31, 1997.

HB6 (Chapter 660). Permits entities to establish specified approved paid work-based learning programs under which arrangements are made between schools and employers to provide students with specified structured employer-supervised learning. The bill allows a credit against the State income tax for wages paid to each student under an approved program. Effective July 1, 1998 for tax years beginning after December 31, 1998.

HB13 (Chapter 438). Adds "State priority funding area" to the criteria for a business entity to qualify for the Job Creation Tax Credit. No more than one area in a county may be designated by the county as a priority funding area. Effective for tax years beginning after December 31, 1997.

HB66 (Chapter 5). Authorizes a refundable earned income credit. To the extent that a portion of the federal earned income credit exceeds the Maryland income tax, the excess may be refunded. The portion that may be refunded will increase from 10% for tax years 1998 and 1999, to 12.5% for tax year 2000, and 15% for tax years 2001 and later. The bill also replaced the poverty-level income subtraction with a nonrefundable credit. Effective for tax years beginning after December 31, 1997.

SALES AND USE TAX

HB257 (Chapter 571). - Provides an income tax subtraction modification for a portion of the benefits under the Maryland Higher Education Investment Program that are included in federal adjusted gross income of the beneficiary. The subtraction does not apply to a refund under the Maryland Higher Education Investment Program unless the refund is applied on behalf of the beneficiary to the cost of tuition at an institution of higher education. Effective July 1, 1998 for tax years beginning on or after December 31, 1997.

HB705 (Chapter 705). Extends the sunset date of income tax credits allowed against the state income tax for certain costs of alternative-fuel and electric vehicles and certain property for converting a vehicle to an alternative-fuel vehicle from June 30, 1998 to June 30, 2000. Effective July 1, 1998.

HB1155 (Chapter 730). Allows certain tax exempt organizations to apply the Work, Not Welfare, and Qualifying Employees with Disabilities tax credits against the payment to the comptroller of taxes required to be withheld from the wages of employees and paid to the comptroller.

HB1199 (Chapter 735). Increases from 15% to 25% the percentage of a taxpayer's qualified rehabilitation expenditures that may be claimed as a tax credit for a certified rehabilitation of a certified heritage structure. Effective July 1, 1998 for taxable years beginning after December 31, 1998.

SB479 (Chapter 612). Eliminates the requirement that a non-profit organization located in an adjacent state provide its services within the state on a routine and regular basis in order to receive an exemption from the sales and use tax. The organization must be located in an adjacent state that either exempts sales to nonprofit organizations or reciprocates Maryland's exemption. Effective July 1, 1998.

HB147 (Chapter 670). Excludes from the taxable price for purposes of the sales and use tax a separately stated charge for admissions and amusement tax. Effective July 1, 1998.

HB724 (Chapter 706). Exempts certain short-term rental vehicles from the motor vehicle titling tax and repeals the related credit against the sales and use tax. Requires the comptroller to distribute 45% of the sales and use tax revenue collected on short-term rental vehicles to the Transportation Trust Fund. Effective July 1, 1999 for vehicles titled, and rental agreements entered into, on or after July 1, 1999.

ALCOHOL AND TOBACCO TAXES

SB471 (Chapter 770). Clarifies the identity of a successor beer manufacturer for the purposes of certain agreements involving beer manufacturers who leave the business, successor beer manufacturers, and surviving beer distributors. Effective October 1, 1998.

HB380 (Chapter 235). Requires beer solicitors to obtain alcoholic beverages solicitor's permits to promote or sell beer, consistent with the requirement for wine and distilled spirits representatives. Effective October 1, 1998.

HB871 (Chapter 279). Establishes that Class 3 and Class 4 wine manufacturer licenses are permitted to serve not more than six ounces of their product made at their facilities to persons of legal drinking age who tour that facility. Effective April 28, 1998.

HB1136 (Chapter 296). Prohibits the Comptroller from issuing a non-resident dealer's permit to a licensed wholesaler, licensed retailer, or a person with an interest in a licensed wholesaler or licensed retailer, and repealing a provision allowing a holder of a wholesaler license to obtain one alcoholic beverage retail license. Effective October 1, 1998.

HB1183 (Chapter 301). Prohibits any person under the age of 18 from engaging in the sale of alcoholic beverages. Effective October 1, 1998.

HB1246 (Chapter 303). Requires that wine and beer purchased for display or sale by a beer and wine festival licensee must meet specified conditions in Anne Arundel, Dorchester, Charles, Queen Anne's, and Worcester County. Effective October 1, 1998.

HB1263 (Chapter 305). Prohibits a supplier, non-resident dealer, or wholesaler of alcoholic beverages from making specified types of discounts that are offered on a product dependent on the pricing policy or practice of the alcoholic beverage licensee who is invoiced for the product. Effective October 1, 1998.

HB1376 (Chapter 757). Authorizes the comptroller to issue general and limited statewide caterer's licenses for use throughout the state or for several counties within Maryland; establishes specified qualifications for license holders; provides for a license fee credit for certain licenses under certain circumstances; requires that license holders pay an annual fee ranging from \$750 to \$2,000; authorizes license holders to acquire alcoholic beverages in specified ways and to serve alcoholic beverages on specified premises; and further provides for a mechanism of enforcement concurrent with Boards of License Commissioners. Effective October 1, 1998.

HJR18 (Chapter 11). Affirms Maryland's public policy that prohibits the direct shipment of alcoholic beverages, commonly known as mail order alcohol, to Maryland consumers from out-of-state entities; urges the President and Congress of the United States to support and enact legislation to resolve the problem of the direct shipment of alcoholic beverages to consumers across state lines; and requires the Department of Legislative Services to study and submit a certain report by a certain date. Effective May 21, 1998.

SB704 (Chapter 641). This legislation authorizes the holder of a Class 7 micro-brewery license, under specified conditions, to enter into a temporary agreement with a distributor for delivery of beer to a beer festival or wine and beer festival and for the return of any unused beer. Effective October 1, 1998.

MOTOR FUEL TAX

SB547 (Chapter 409). Authorizes certain refiners and other suppliers of motor fuel to sponsor, promote, advertise, or otherwise perform or participate in a game of chance offered to the public so long as the game of chance is not offered at a retail service station. Additionally, the suppliers may not require a retail service station dealer to pay for any costs related to the game of chance. Effective October 1, 1998.

SB605 (Chapter 772). From July 1, 1998 to October 1, 2000, the temporary voluntary allowance provision of the divorce-law is suspended. During that period, a producer, refiner or wholesaler of motor fuel who supplies motor fuel to retail service station dealers will not be required to extend all voluntary allowances uniformly to all the dealers they supply. Therefore, suppliers can help a retail service station dealer meet competition by temporarily reducing the wholesale price of motor fuel to one dealer without reducing the price other dealers. Effective July 1, 1998.

ESTATE AND INHERITANCE TAXES

HB1142 (Chapter 728). Expands the inheritance tax exemption for property passing to certain nonprofit organizations by including the receipt of property passed from a decedent to or for the use of specified organizations. These organizations include those that operate under the "lodge" system and certain veterans organizations. Effective October 1, 1998.

UNCLAIMED PROPERTY

HB48 (Chapter 663). Excludes certain checks, credits and rebates that are issued in the ordinary course of business from the definition of personal property that is subject to the Maryland Uniform Disposition of Abandoned Property Act. Effective June 1, 1998.
